

Barfoot & Thompson Epsom
280 Manukau Road
Epsom
AUCKLAND 1023

Applicant	Barfoot & Thompson Epsom
LIM address	54 Margot Street Epsom Auckland 1051
Application number	8270320061
Customer Reference	
Date issued	17-Jun-2021
Legal Description	1/4 SH Lot 3 DP 6930, Garage 2 DP 60637, Flat 2 DP 60637
Certificates of title	NA16B/220

Disclaimer

This Land Information Memorandum (LIM) has been prepared for the applicant for the purpose of section 44A of the Local Government Official Information and Meetings Act 1987.

The LIM includes information which:

- Must be included pursuant to section 44A of the Local Government Official Information and Meetings Act 1987
- Council at its discretion considers should be included because it relates to land
- Is considered to be relevant and reliable

This LIM does not include other information:

- Held by council that is not required to be included
- Relating to the land which is unknown to the council
- Held by other organisations which also hold land information

Council has not carried out an inspection of the land and/or buildings for the purpose of preparing this LIM. Council records may not show illegal or unauthorised building or works on the land.

The applicant is solely responsible for ensuring that the land or any building on the land is suitable for a particular purpose and for sourcing other information held by the council or other bodies. In addition, the applicant should check the Certificate of Title as it might also contain obligations relating to the land.

The text and attachments of this document should be considered together.

This Land Information Memorandum is valid as at the date of issue only.

s44A(2)(a) Information identifying any special feature or characteristics of the land

This information should not be regarded as a full analysis of the site features of this land, as there may be features that the Council is unaware of. The applicant is solely responsible for ensuring that the land is suitable for a particular purpose including development.

Site Contamination

No land contamination data are available in Council's regulatory records.

Wind Zones

Wind Zone(s) for this property: Low wind speed of 32 m/s

The wind zones are based on wind speed data specific to all building sites as outlined in NZS 3604:2011. Other factors such as topographic classes, site exposure and ground roughness determine the actual wind bracing demands and bracing elements required for the building.

For further information refer to NZS 3604:2011 Section 5 — Bracing Design

Soil Issues

The Auckland Council is not aware of any soil issues in relation to this land. If any soil information/reports have been prepared in relation to this property, they will be available for viewing at an Auckland Council Service Centre or via the property file product services.

Flooding

This statement entitled "Flooding" appears on all LIMs.

Known flooding information is displayed on the map attached to this LIM entitled "Special Land Features – Natural Hazards - Flooding".

The information shown in the "Special Land Features - Natural Hazards - Flooding" map is also shown on the Auckland Council online map viewer (Geomaps), at www.aucklandcouncil.govt.nz, which is updated from time to time.

Any proposed development may require a flooding assessment to be provided by the applicant.

The absence of flooding on the "Special Land Features - Natural Hazards - Flooding" map does not exclude the possibility of the site flooding, particularly from Overland Flow Paths which may be on other properties.

Flood Plain

This site (property parcel) spatially intersects with a Flood Plain, as displayed on the map attached to this LIM entitled "Special Land Features - Natural Hazards - Flooding", and may flood during significant rainfall events.

Flood Plains represent the predicted area of land inundated by runoff from a 1% Annual Exceedance Probability (AEP) magnitude event, often referred to as a '1 in 100-year event'.

Flood Plains are generally determined by computer based hydrological and hydraulic modelling.

The Auckland Unitary Plan contains policies and rules relating to development and/or works within or adjacent to Flood Plains.

Note: The terms “Flood Plain” and “Floodplain” are used interchangeably.

Flood Prone Area

This site (property parcel) spatially intersects with a Flood Prone Area, as displayed on the map attached to this LIM entitled “Special Land Features – Natural Hazards - Flooding”.

Flood Prone Areas represent depressions in the terrain with no natural outlet. The frequency of flooding within the Flood Prone Area is dependent on the upstream catchment area, the amount of rainfall and the outlet capacity.

Flood Prone Areas are determined from analysis of a Digital Terrain Model (DTM).

Any development within a Flood Prone Area may require a risk assessment.

Overland Flow Path

This site (property parcel) spatially intersects with one or more Overland Flow Paths, as displayed on the map attached to this LIM entitled “Special Land Features – Natural Hazards - Flooding”.

Overland Flow Paths are lines representing the predicted route of overland flow, based on analysis of a Digital Terrain Model (derived from aerial laser survey). Overland Flow Paths do not show the width or extent of flow.

Overland Flow Paths are based solely on the terrain and are indicative only.

Overland Flow Paths may flood depending on the amount of rain.

The Auckland Unitary Plan contains policies and rules relating to development and/or works within or adjacent to Overland Flow Paths.

Note: The terms “Flow Path” and “Flowpath” are used interchangeably.

Exposure Zones

New Zealand Standard 3604:2011 classifies all properties in New Zealand into zones based on environmental features including wind, earthquake, snow load and exposure. These zones are relevant to building requirements, such as strength of buildings, materials that should be used and maintenance. All building sites are classified as being in Exposure Zones Extreme Sea Spray, B, C, or D, depending on the severity of exposure to wind driven salt.

This property is classified as: Zone C

Medium — Inland coastal areas with medium risk from wind-blown sea-spray salt deposits. This zone covers mainly coastal areas with relatively low salinity. The extent of the affected area varies significantly with factors such as winds, topography and vegetation. Within each of the zones there are different environmental locations that require fittings and fixtures appropriate to its designation as outlined Tables 4.1 to 4.3 in NZS 3604:2011 being either "closed", "sheltered" or "exposed".

For further information refer to NZS 3604:2011 Section 4 — Durability.

s44A(2)(b) Information on private and public stormwater and sewerage drains

Information on private and public stormwater and sewerage drains is shown on the **underground services map** attached.

Note: Private drainage is the responsibility of the land owner up to and including the point of connection to the public sewer or drain.

s44(2)(ba) Information notified to Council by a drinking water supplier under Section 69ZH of the Health Act 1956

Prospective purchasers should be aware of other drinking water systems connected to this property. There may also be private drinking water supply systems such as rainwater tanks or private water bores. You are advised to clarify the drinking water supply with the current landowner.

No Information has been notified to Council.

s44A(2)(bb) Information Council holds regarding drinking water supply to the land

For metered water information, please contact **Watercare (09) 442 2222** for services provided to this property.

s44A(2)(c) Information relating to any rates owing in relation to the land

Billing Number/ Rate Account:	12344080532
Rates levied for the Year 2020/2021 :	\$3,150.75
Total rates to clear for the current year (including any arrears and postponed rates):	\$-11.66

The rates figures are provided as at 8 a.m. 17/06/2021. It is strongly advised these are not used for settlement purposes.

Retrofit Your Home Programme

The Retrofit Your Home programme provides financial assistance, advice and information to householders wanting to create an improved home environment. The scheme contributes to the achievement of the Air Quality National Environmental Standards encouraging the installation of clean heat and insulation in homes as well as supporting access to central government grants and subsidies. The programme offers homeowners a retrofit plan for their homes and financial assistance up to \$5000 repaid through a targeted rate.

 Auckland Council (09) 890 7898 if you require further information

 retrofit@aucklandcouncil.govt.nz

s44A(2)(d) Consents, Certificates, Notices, Orders or Requisitions affecting the land or any buildings on the land(da) the information required to be provided to a territorial authority under section 362T(2) of the Building Act 2004:s44A and (2)(e) Information concerning any Certificate issued by a Building Certifier pursuant to the Building Act 1991 or the Building Act 2004

Note: if the land is part of a cross lease title or unit title, consents and permits for the other flats or units may be included in this LIM. If the land has been subdivided there may be consents and permits included that relate to the original property.

It is recommended that the full property file is viewed and compared with the actual building and activities on the land to identify any illegal or unauthorised building works or activities.

Financial / development contributions

Financial and development contributions are relevant for recently subdivided land, vacant lots, new residential unit(s) or where there is further development of a site. If any financial or development contribution has not been paid, Council can recover outstanding amount(s) from a subsequent owner of the land.

Please note that financial contributions and development contributions may be paid in land, cash or a combination of these. The form of payment of contributions may be subject to negotiation but final discretion remains with the Council.

Resource Management

Planning

54 Margot Street Epsom Auckland 1051

Application No.	Description	Decision	Decision Date
O/TY0387282	Land Use Consent Build townhouses and demolitions	Granted	19/01/1994

Subdivisions

There are **NO** Subdivision resource consents recorded.

Engineering Approvals

There are **NO** Engineering approvals recorded.

If there are any conditions, then only that portion of the consent will be included in the attachments section. The applicant should satisfy themselves as to whether all conditions of resource consents for this property have been met.

Further Information

The Council may hold additional information for this property, for example concerning resource consents for discharges to air, land or water issued by the former Auckland Regional Council prior to 1 November 2010. If you would like Auckland Council to search for this type of information, please contact us.

Building

54 Margot Street Epsom Auckland 1051

Application No.	Description	Issue Date	Status
O/22816/02	Additions to building	28/09/1990	Issued (See Note 1)

52 Margot Street Epsom Auckland 1051

Application No.	Description	Issue Date	Status
O/1708/02	Drainage	07/09/1990	Issued (See Note 1)
O/5323/02	Plumbing	27/03/1991	Issued (See Note 1)

56 Margot Street Epsom Auckland 1051

Application No.	Description	Issue Date	Status
AC/02/07848	Internal alterations: Bathroom and laundry.	29/10/2002	CCC Issued 22/11/2002 (See Note 2)

58 Margot Street Epsom Auckland 1051

Application No.	Description	Issue Date	Status
O/48823/01	Demolish house	24/06/1968	Issued (See Note 1)
O/48829/02	4 flats	01/07/1968	Issued (See Note 1)

Note	Description
1	Permit issued prior to the Building Act 1991 taking effect. Code Compliance Certificates (CCC) were not required.
2	Code Compliance Certificate (CCC) for this consent was issued.

Please note that prior to the Building Act 1991; Councils were not required to maintain full records of building consents [etc] issued under the Building Act. While Auckland Council has always endeavoured to maintain full records of pre-Building Act 1991 matters, not all records for this period have survived and in other cases where building work is documented, information may be incomplete. Council does not accept responsibility for any omission.

It is recommended that the Council property file is viewed and compared with the actual building and activities on site to identify any illegal or unauthorised building works or activities.

Compliance Schedules (Building Warrant of Fitness)

The Council has no record of a Compliance Schedule for this property/building.

If it is evident that any specified systems such as lifts or commercial fire alarms are present in the building, the owner must ensure there is a current compliance schedule or building warrant of fitness.

Swimming/Spa Pool Barriers

The Council has no record of a swimming pool or spa pool being registered on this property. Swimming pools and spa pools must have a barrier that complies with the Building Act 2004.

Pool barrier information is available for viewing at <http://www.aucklandcouncil.govt.nz>

Licences

There are NO current licences recorded

s44A(2)(ea) Information notified under Section 124 of the Weathertight Homes Resolution Services Act 2006

The Council has not been notified of any information under Section 124 of the Weathertight Homes Resolution Services Act 2006 relating to this property.

s44A (2)(f) Information relating to the use to which the land may be put and any conditions attached to that use

Purchasers or those intending to develop the land should satisfy themselves that the land is suitable for any intended use or future development proposal. In addition to any site specific limitations recorded below, general restrictions that apply across the region may be relevant to any development proposals on this property.

Auckland Unitary Plan - Operative in Part (AUP:OP)

The **Auckland Unitary Plan - Operative in part(AUP:OP)** applies to this property and should be carefully reviewed and considered, as it may have implications for how this property can be developed and/or used. Those parts of the Auckland Unitary Plan that are operative replace the corresponding parts of legacy regional and district plans. However, certain parts of the AUP:OP are the subject of appeals and have not become operative. If a property is subject to an appeal this will be identified on the attached Unitary Plan Property Summary Report. Where this is the case, both the Auckland Unitary Plan Decisions version and the legacy regional and district plans will need to be considered.

The AUP:OP zones, controls, overlays, precincts, and designations that apply to this property are set out in the Property Summary Report, which is attached to this memorandum.

The AUP:OP can be viewed here:

<https://www.aucklandcouncil.govt.nz/unitaryplan>

The legacy regional and district plans can be viewed here:

<https://www.aucklandcouncil.govt.nz/districtplans>

<https://www.aucklandcouncil.govt.nz/regionalplans>

The appeals to the AUP:OP can be viewed here:
<https://www.aucklandcouncil.govt.nz/unitaryplanappeals>

Auckland Council District Plan - Hauraki Gulf Islands Section (Operative 2013) (DP:HGI)

While the regional provisions in the AUP:OP apply to the Hauraki Gulf Islands, and are set out in the Property Summary Report attached to this memorandum, the AUP:OP does not contain any district provisions for the Hauraki Gulf Islands. If the Property Summary Report attached to this memorandum lists its zone as "Hauraki Gulf Islands", the district provisions that apply are in the Auckland Council District Plan Hauraki Gulf Islands Section (Operative 2013) (**DP:HGI**).

The relevant maps of the DP:HGI are attached to this memorandum, if applicable. The text of the DP:HGI can be found here:
<https://www.aucklandcouncil.govt.nz/aurakigulfislands>

Plan Changes and Notices of Requirement

Changes to the AUP:OP and DP:HGI may be proposed from time to time. These proposed plan changes may relate to either the maps or the text of those plans. Any proposed changes to the AUP:OP relevant to this property will be listed as a modification in the Property Summary Report attached to this memorandum. However, proposed changes to the DP:HGI will not appear on the Property Summary report. That information can be found on the Auckland Council website.

Please refer to the AUP:OP for information on any proposed Plan Changes or see the Auckland Council modifications website at:
<https://www.aucklandcouncil.govt.nz/unitaryplanmodifications>

Information relating to any proposed Plan Changes to DP:HGI can be found here:
<https://www.aucklandcouncil.govt.nz/aurakigulfislands>

From time to time a requiring authority, such as a Ministry of the Crown or a council controlled organisation, may notify Auckland Council that they require certain land to be designated for a certain purpose. If this property is the subject of such a notice of requirement, that notice may have implications for how this property can be developed or used from the date it is received by Council.

If this property is not on the Hauraki Gulf Islands, any notices of requirement applicable will be listed as a modification in the Property Summary Report attached to this memorandum.

If this property is on the Hauraki Gulf Islands, any notice of requirement will be available on the Auckland Council Website.

Information on all current notices of requirement can be found on the modifications page here:
<https://www.aucklandcouncil.govt.nz/unitaryplanmodifications>

Copies of the appeals to the Auckland Unitary Plan can be viewed online at:
<https://www.aucklandcouncil.govt.nz/unitaryplanappeals>

Auckland Unitary Plan

Please note that the Auckland Unitary Plan (Operative in part) applies to this property. The Unitary Plan should be carefully reviewed and considered, as it may have implications for how this property can be developed or used. Parts of the Unitary Plan that are relevant to this property relating to zones, overlays, controls, designations and other restrictions are identified in the Property Summary Report attached to this LIM.

The Unitary Plan can be accessed at Council service centres and libraries and can be found on the following internet page:

<http://www.aucklandcouncil.govt.nz/EN/planspoliciesprojects/plansstrategies/unitaryplan/Pages/home.aspx>

Information concerning Caveat, Bond, Encumbrance, Consent Notice and Covenant

For any information concerning Caveats, Bonds, Encumbrances, Consent Notices or Covenants, please refer to the Certificate of Title for this property.

s44A(2)(g) Information regarding the land which has been notified to Council by another statutory organisation

No information has been notified to Council.

s44A(2)(h) Information regarding the land which has been notified to Council by any network utility operator pursuant to the Building Act 1991 or Building Act 2004

Underground Services and District Plan maps are attached.

Please note: Height restrictions apply where overhead power lines cross the site. Works near water services utilities may require approval. Works near high-pressure Gas, Oil or LPG pipelines create risk of damage and must first be approved. Please contact the relevant Utility provider in your area for further information.

Any escape of gas or liquid from the pipelines is potentially dangerous and requires immediate action as soon as discovered (Dial 111 and ask for the Fire Service).

s44A(3) Other information relevant to the land

Coastal Erosion

Council has information on coastal erosion, which identifies areas of the Auckland coastline potentially susceptible to coastal instability and erosion within the next century. Coastal erosion is the wearing away of land due to coastal processes such as waves and currents.

Digital maps showing the areas of coastline that may be affected by coastal erosion over the next 100 years are available on the council's mapping platform GeoMaps from 31 May 2021. Geomaps can be accessed online. These digital maps will be included in Land Information Memorandums applied for from later in 2021.

The digital maps are based on the data in Technical Report 2020/21: Predicting Auckland's Exposure to Coastal Instability and Erosion, available by searching the Council website.

Attachments

As the placement of the building/s on the attached maps is based on aerial photography we cannot guarantee the accuracy. A formal survey will indicate the exact location of the boundaries.

REPORT ON A NON-NOTIFIED RESOURCE CONSENT APPLICATION TO BUILD TOWN HOUSES

REPORT TO: Development Services Manager
Tamaki-Maungakiekie Area Office

FROM: John Childs

TITLE: Consultant Planner

DATE: 14 January 1994

OUTLINE: The Application involves the demolition of an existing block of flats and the erection of five attached townhouses. The work does not comply with the Height in Relation to Boundary Rules in the Operative District Plan. In addition, the main living room of each unit is located on the first floor level, which requires Controlled Activity Consent in terms of the Operative District Plan. Based on the assessment, consent is recommended, subject to Conditions.

KEYWORDS: Controlled Activity
Discretionary Activity
Height in Relation to Boundary
Living Court

1.0 THE APPLICANT AND PROPERTY DETAILS

APPLICANT: Pipit Developments Limited

ADDRESS FOR SERVICE: 54 Margot Street
Epsom
Auckland 3

SITE ADDRESS: 710 Manukau Road
(corner of Raurenga Ave and
Manukau Rd, Royal Oak)

relevant Objectives, Policies and Explanations of the Control being modified.

The purpose of the Height in Relation to Boundary Rule is "to protect the privacy and admission of daylight to adjacent buildings, and to limit the bulk and scale of buildings." (3.0.4).

In this particular case, the only affected boundary is a street frontage, with trees on the street berm, and the carriageway beyond: so, no property owner's privacy is affected. On the other site boundaries, compliance with this Rule is achieved.

This reason is implicit in the relevant circumstances, (3.0.5.3.2), for such a modification - (in particular, Criteria 3 and 4).

2.3 Assessment Under Proposed Plan

Subject to Conditions, the development can comply with the relevant Rules of this document.

3.0 CONCLUSION

There are circumstances which make compliance with the Height in Relation to Boundary, and Living Court Rules unnecessary in this particular proposal.

Granting consent to the proposal will not upset the relevant Zone Policies and Objectives of the Operative District Plan, nor the focus of the Act on the sustainable management of natural and physical resources.

Because the matters subject to this Application relate to a roadway, no written approvals are considered necessary.

4.0 RECOMMENDATION

That the Application by Pipit Developments Limited to build five residential units at 710 Manukau Road, (Lot 9 DP 21888 CT 981/109), which do not comply with the Height in Relation to Boundary Rule in the Operative District Plan; and where the first

floor main living area requires Controlled Activity Consent in terms of the same Plan, be consented to pursuant to Sections 104 and 105 of the Resource Management Act, 1991.

Pursuant to Section 113 of the Resource Management Act 1991, the reasons for the Discretionary Activity Consent are as follows.

- 1) There are circumstances pertaining to the proposal that make strict compliance unnecessary.
- 2) The nature of matters which are the subject of this Application are such that the effects on the environment will be minor.
- 3) No property owners will be adversely affected by this Application.
- 4) Granting consent will not upset the relevant Objectives and Policies of both District Plans.
- 5) Conditions can be imposed to prevent adverse effects arising from the activity in the future.

Pursuant to Section 108 of the Resource Management Act, 1991, consent be subject to the following Conditions.

- 1) The development shall comply with all relevant Council Bylaws, the New Zealand Building Act and Regulation, and all necessary consents, permits, etc., shall be obtained.
- 2) Except for the changes which shall be made in order to give effect to the Conditions that follow, the development shall be in general/substantial accordance with the plans submitted as part of this Application; (A M O'Meara, November 1993; Sheets 1 and 2; Plan Number 7803-02).
- 3) Before the issue of any Building Consent, the Applicant shall supply, to the satisfaction of the Development Services Manager, Tamaki-Maungakiekie Area Office, a Surveyor's Certificate indicating that the development complies with the 9 metre zone height limit in the Operative District Plan and Height in Relation to Boundary provisions on the eastern site boundary.

- 4) The front yard not occupied by driveways and buildings, shall be landscaped to the satisfaction of the Development Services Manager, Tamaki-Maungakiekie Area Office.
- 5) The living courts/service courts for each unit shall be screened from the open space of the neighbouring unit, to the satisfaction of the Development Services Manager, Tamaki-Maungakiekie Area Office.
- 6) The driveways on the site shall have a minimum formed width of 3 metres, to the satisfaction of the Development Services Manager, Tamaki-Maungakiekie Area Office.
- 7) Council's prior approval shall be obtained to the removal of any tree over 4 metres.
- 8) This Consent shall lapse if not put into effect within two (2) years from the date of granting the Consent.
