15 Covenant

Explanation of Motion for Body Corporate 420899

Neil Properties Limited has agreed to transfer 29 principal unit car parks to 8 Nugent Street Precinct Society Inc (Society). These car parks, are part of DP 420899, will form part of the "Common Facilities" owned and managed by the Society in accordance with its constitution. This means that the car parks will be available for use as visitor car parking. Prior to the transfer, Neil Properties Limited will arrange for the registration of a covenant over the titles to the car park units being transferred for the benefit of Bodies Corporate 464974 and 495619. The covenant will require that the car parks are only used for visitor car parking by owners and occupiers of units on DPs 464974 and 495619.

The Unit Titles Act requires that when Land Covenants are registered over principal units or are for the benefit of a Body Corporate by being registered on the Supplementary Record Sheet for the Body Corporate the Body Corporate must pass the necessary resolutions which are attached.

In order to implement this arrangement, 8 Nugent Street Precinct Society Inc needs to amend its constitution to expressly provide for car parks as part of the "Common Facilities" and to allow the Society to own the car parks even though it is not a lot or unit owner. It also needs to pass a resolution agreeing to the transfer of the car park units. These resolutions are both special resolutions that require a 75% majority. The Bodies Corporate that will have the benefit of the covenant also need to pass their own special resolutions (75% majority) and complete the designated resolution to obtain the benefit of the covenant.

The Society does not have to pay for the car park units, but will be responsible for all Body Corporate and Society levies and rates etc. from the settlement date.

<u>Body Corporate 420899 resolved by special resolution</u> under section 62(2)(b) of the Unit Titles Act 2010 to enter into a covenant over the principal units listed in the schedule below for the benefit of the common property of Body Corporates 464974 and 495619 where the covenant shall provide that:

The unit owners for itself and its successors in title as registered owner of the Burdened Land hereby covenants with the body corporate for and on behalf of the body corporate and its successors in title as the registered owners of the common property and to take effect from the date of registration of this covenant as follows:

1 The unit owners covenant as follows:

1.1 That they shall not allow or permit the principal unit to be used for any purpose other than for visitor car parking for use by the members of the body corporate except as otherwise agreed by the committee of the body corporate.

2 **Breach of Covenant:**

2.1 If there is any breach or non-observation of the covenant (and without prejudice to any other liability which the unit owner may have to any person having the benefit of these covenants) the unit owner will upon written demand being made by the body corporate, pay the body corporate as liquidated damages the sum of \$350 per day for every day that such breach of non-observation continues after the date on which written notice and demand has been made.

This is a designated resolution.

Resolved: That Auckland Property Management Ltd be authorised to recover any unpaid levies or other outstanding expense items owed to the Body Corporate, through the Tenancy Tribunal or otherwise, and to levy interest at the rate of 10% per annum as provided for in Section 128 of the Unit Titles Act 2010 on any monies outstanding. All costs, debt administration fees and expenses involved in the recovery shall be charged against the defaulting proprietor in full. A lawyer appointed by the Committee, shall act as duly appointed agents for the Body Corporate, where required, for debt collection.

Moved: Unit 1 Second: Unit 21 All in favour

MOTION CARRIED

Auckland Property Managements levy collection process is as follows:

Owners will be notified by email to the email address recorded with Auckland Property Management of all levies and/or charges due. The same email address will be used for all notifications regarding the collection of money owed to the Body Corporate unless a request is made otherwise. If an owner does not have an email address, all correspondence will be posted to the postal address recorded with APM. It is the responsibility of the owner to ensure that APM is notified of any change to either email or postal addresses.

Levies are typically raised within 14 days of the Annual General Meeting unless otherwise instructed by the Chairperson of the body corporate. Our standard collection process for unpaid levies is detailed below:

- 30 days prior to levies being due, a levy notice is sent to advise owners of the levy instalment due. The due date for the first instalment can be sooner by resolution at the AGM.
- Stage 1 debt recovery. 10 days after the due date of the levy instalment, a reminder is sent that the levy instalment is past due. Interest at the rate of 10% per annum accrues from the due date.
- Stage 2 debt recovery. 40 days after the due date of the levy instalment, if payment is still
 outstanding, a final notice is sent to the registered owner. A debt administration fee of \$75.00 +
 GST is charged to the unit.

• Stage 3 debt recovery. 70 days after the due date of the levy instalment, APM will attempt to contact the owner by an alternative contact method. If contacting the owner is unsuccessful and/or payment is not forthcoming, a notice to commence legal action is served, notifying the owner that their file will be referred to our legal department for further action should payment not be received within seven days. A debt administration fee of \$150.00 + GST will be charged to the unit. Any legal costs incurred are payable by the registered owner.

The above process is to be used as a guide only and is subject to change depending upon individual requirements of the Body Corporate.

Subject to acceptance by the Body Corporate committee, the owner may request to pay the levy by instalments at an agreed payment plan. This will include interest at the rate of 10% per annum for any period where there are monies outstanding. Failure to meet obligations to the agreed payment plan will result in the debt recovery process commencing.

A) Cracks in Concrete Slabs Level 6 & 7

Dave gave owners an overview of the history and current issue. A decision was made by the body corporate a few years ago to remove the waterproof membrane which was failing and opt for a treatment to be applied to the steel, which coats and protects the steel structure and the cracks in the concrete slab filled with a flexible product. Subsequent cracks require further investigation and repair on levels 6 & 7. Dave will investigate further with the original engineer.

Dave proposes and recommends a contingency group fund to be set up for this investigation and repair. Owners agreed that this would be prudent.

Resolved: That the Body Corporate raise an additional \$10,000.00 for the purpose of Concrete Slab investigation and repair. To be allocated to the Contingency Fund Account and raised at the same time as the Annual General levies.

Auckland Property Managements levy collection process is as follows:

Owners will be notified by email to the email address recorded with Auckland Property Management of all levies and/or charges due. The same email address will be used for all notifications regarding the collection of money owed to the Body Corporate unless a request is made otherwise. If an owner does not have an email address, all correspondence will be posted to the postal address recorded with APM. It is the responsibility of the owner to ensure that APM is notified of any change to either email or postal addresses.

Levies are typically raised within 14 days of the Annual General Meeting unless otherwise instructed by the Chairperson of the body corporate. Our standard collection process for unpaid levies is detailed below:

- 30 days prior to levies being due, a levy notice is sent to advise owners of the levy instalment due. The due date for the first instalment can be sooner by resolution at the AGM.
- Stage 1 debt recovery. 10 days after the due date of the levy instalment, a reminder is sent that the levy instalment is past due. Interest at the rate of 10% per annum accrues from the due date.
- Stage 2 debt recovery. 40 days after the due date of the levy instalment, if payment is still outstanding, a final notice is sent to the registered owner. A debt administration fee of \$75.00 + GST is charged to the unit.
- Stage 3 debt recovery. 70 days after the due date of the levy instalment, APM will attempt to contact the owner by an alternative contact method. If contacting the owner is unsuccessful and/or payment is not forthcoming, a notice to commence legal action is served, notifying the owner that their file will be referred to our legal department for further action should payment not be received within seven days. A debt administration fee of \$150.00 + GST will be charged to the unit. Any legal costs incurred are payable by the registered owner.

The above process is to be used as a guide only and is subject to change depending upon individual requirements of the Body Corporate.

Subject to acceptance by the Body Corporate committee, the owner may request to pay the levy by instalments at an agreed payment plan. This will include interest at the rate of 10% per annum for any period where there are monies outstanding. Failure to meet obligations to the agreed payment plan will result in the debt recovery process commencing.

20 Covenant

Motion for Body Corporate 420899

Neil Properties Limited has agreed to transfer 29 principal unit car parks to 8 Nugent Street Precinct Society Inc (Society). These car parks, are part of DP 420899, will form part of the "Common Facilities" owned and managed by the Society in accordance with its constitution. This means that the car parks will be available for use as visitor car parking. Prior to the transfer, Neil Properties Limited will arrange for the registration of a covenant over the titles to the car park units being transferred for the benefit of Bodies Corporate 464974 and 495619. The covenant will require that the car parks are only used for visitor car parking by owners and occupiers of units on DPs 464974 and 495619.

The Unit Titles Act requires that when Land Covenants are registered over principal units or are for the benefit of a Body Corporate by being registered on the Supplementary Record Sheet for the Body Corporate the Body Corporate must pass the necessary resolutions which are attached.

In order to implement this arrangement, 8 Nugent Street Precinct Society Inc needs to amend its constitution to expressly provide for car parks as part of the "Common Facilities" and to allow the Society to own the car parks even though it is not a lot or unit owner. It also needs to pass a resolution agreeing to the transfer of the car park units. These resolutions are both special resolutions that require a 75% majority. The Bodies Corporate that will have the benefit of the covenant also need to pass their own special resolutions (75% majority) and complete the designated resolution to obtain the benefit of the covenant.

The Society does not have to pay for the car park units, but will be responsible for all Body Corporate and Society levies and rates etc. from the settlement date.

Resolved by special resolution: that the Body Corporate 420899 resolves_under section 62(2)(b) of the Unit Titles Act 2010 to enter into a covenant over the principal units listed in the schedule below for the benefit of the common property of Body Corporates 464974 and 495619 where the covenant shall provide that:

The unit owners for itself and its successors in title as registered owner of the Burdened Land hereby covenants with the body corporate for and on behalf of the body corporate and its successors in title as the registered owners of the common property and to take effect from the date of registration of this covenant as follows:

1 The unit owners covenant as follows:

- 1.1 That they shall not allow or permit the principal unit to be used for any purpose other than for visitor car parking for use by the members of the body corporate except as otherwise agreed by the committee of the body corporate.
- 2 Breach of Covenant:
- 2.1 If there is any breach or non-observation of the covenant (and without prejudice to any other liability which the unit owner may have to any person having the benefit of these covenants) the unit owner will upon written demand being made by the body corporate, pay the body corporate as liquidated damages the sum of \$350 per day for every day that such breach of non-observation continues after the date on which written notice and demand has been made.

Auckland Property Managements levy collection process is as follows:

Owners will be notified by email to the email address recorded with Auckland Property Management of all levies and/or charges due. The same email address will be used for all notifications regarding the collection of money owed to the Body Corporate unless a request is made otherwise. If an owner does not have an email address, all correspondence will be posted to the postal address recorded with APM. It is the responsibility of the owner to ensure that APM is notified of any change to either email or postal addresses.

Levies are typically raised within 14 days of the Annual General Meeting unless otherwise instructed by the Chairperson of the Body Corporate. Our standard collection process for unpaid levies is detailed below:

- 30 days prior to levies being due, a levy notice is sent to advise owners of the levy instalment due. The due date for the first instalment can be sooner by resolution at the AGM.
- Stage 1 debt recovery. 10 days after the due date of the levy instalment, a reminder is sent that the levy instalment is past due. Interest at the rate of 10% per annum accrues from the due date.
- Stage 2 debt recovery. 40 days after the due date of the levy instalment, if payment is still outstanding, a final notice is sent to the registered owner. A debt administration fee of \$110.00 + GST is charged to the unit.
- Stage 3 debt recovery. 70 days after the due date of the levy instalment, APM will attempt to contact the owner by an alternative contact method. If contacting the owner is unsuccessful and/or payment is not forthcoming, a notice to commence legal action is served, notifying the owner that their file will be referred to our legal department for further action should payment not be received

within seven days. A debt administration fee of \$220.00 + GST will be charged to the unit. Any legal costs incurred are payable by the registered owner.

The above process is to be used as a guide only and is subject to change depending upon individual requirements of the Body Corporate.

Subject to acceptance by the Body Corporate committee, the owner may request to pay the levy by instalments at an agreed payment plan. This will include interest at the rate of 10% per annum for any period where there are monies outstanding. Failure to meet obligations to the agreed payment plan will result in the debt recovery process commencing.

20 Covenant

Motion for Body Corporate 420899

Neil Properties Limited has agreed to transfer 29 principal unit car parks to 8 Nugent Street Precinct Society Inc (Society). These car parks, are part of DP 420899, will form part of the "Common Facilities" owned and managed by the Society in accordance with its constitution. This means that the car parks will be available for use as visitor car parking. Prior to the transfer, Neil Properties Limited will arrange for the registration of a covenant over the titles to the car park units being transferred for the benefit of Bodies Corporate 464974 and 495619. The covenant will require that the car parks are only used for visitor car parking by owners and occupiers of units on DPs 464974 and 495619.

The Unit Titles Act requires that when Land Covenants are registered over principal units or are for the benefit of a Body Corporate by being registered on the Supplementary Record Sheet for the Body Corporate the Body Corporate must pass the necessary resolutions which are attached.

In order to implement this arrangement, 8 Nugent Street Precinct Society Inc needs to amend its constitution to expressly provide for car parks as part of the "Common Facilities" and to allow the Society to own the car parks even though it is not a lot or unit owner. It also needs to pass a resolution agreeing to the transfer of the car park units. These resolutions are both special resolutions that require a 75% majority. The Bodies Corporate that will have the benefit of the covenant also need to pass their own special resolutions (75% majority) and complete the designated resolution to obtain the benefit of the covenant.

The Society does not have to pay for the car park units but will be responsible for all Body Corporate and Society levies and rates etc. from the settlement date.

Resolved: That Body Corporate 420899 resolves by special resolution under section 63(4) of the Unit Titles Act 2010 to consent to the registration of a land covenant over Units 573-583 DP 420899 in favour of Body Corporate 464974 and Units 552-566 and 584-586 DP 420899 in favour of 495619.

The Committee will investigate the option for EV chargers for owners, assisted by James, who has been involved with the EV infrastructure installation in Building C. This will require a full analysis of the power consumption, potential number of EV charges and effect on the Building power load capacity.

Interim Financial Statements -Donna gave a brief review of the interim financial position Net Assets as shown in the Balance Sheet as at 28/2/23 in the Administration Fund amounted to approximately \$30,000.00

Net Assets in the Contingency Group amounted to approx. \$8,500.00 Net Assets in the LTMF amounted to approx. \$159,000.00

The Income and Expenditure Statement shows the expenses incurred against the approved budget.

The item over budget in the admin account is the insurance premium due to the fixed premium not received prior to the setting of the 2022 budget.

The Garage door maintenance contract has increased and there have been a few repairs/callout costs as shown in the detailed expenses.

All other costs fall within budget.

The Contingency account has consultant engineers cost for slab crack investigation, an amount of \$1,478 expensed, leaving a balance of \$8,500 in this account.

The LTM Fund has expensed costs for cameras x 3/surveillance equipment.

Proposed Budget

Donna noted the proposed adjustments;

Admin fee and BM salary have increased by CPI.

Premium increased by 15%. This is an estimated increase following Broker indication and anticipated increase.

Valuation is not included in budget, as it does not fall due in the coming financial year.

The precinct Levy will remain the same as resolved by the Precinct committee.

The LTM review is included in the budget ,which is due in the coming year. The budget will be reduced to reflect the quote now received. The Committee agreed to a desktop review by WSP rather than onsite, cost \$1,300.00.

The Committee agree that a Thermographic survey of electrical boards should be included to the budget, quote received of \$2,070.00

The garage door budget item has been increased to reflect the anticipated cost /increase to maintenance contract.

Donna noted that further expenses will be incurred in the last month of the financial year.

Committee agreed that the General Admin Levy requires to be increased due to anticipated expenses in the coming year.

The Committee agreed to the proposed total levy of \$170,000.00 (from \$140,000.00 - in 2022).

Dave recommended that the contingency levy be \$10,000.00 (same as last year) as costs incurred for the slab cracks to be allocated to this account. Dave anticipates the repair costs to be approx. \$30 -\$35k. The General repairs budget can also absorb some of these costs.

Dave recommended that the LTM contribution be increased to \$45,000.00(from \$41,900) as per the LTM report recommendation. The committee agreed it would be prudent to increase and grow LTM funds for future anticipated expenditure.

Glenys Knox

Richard Speer (since resigned)

Gideon Geldenhuys

Dave Weir

<u>Note</u>: Gideon was an invited guest as the Chair of Building A as some of the discussion topics are of interest to Building A owners.

Committee Responsibilities

The rules around Body Corporate committee responsibilities are to change on 9th May 2023 and Donna Holroyd forwarded an email to Dave Weir on 16th November outlining these changes. This will no doubt be discussed again at the next pre-AGM committee meeting. In the meantime, Donna's email is attached.

Long Term Maintenance Plan

It is now a requirement for Long Term Maintenance Plans to project for 30 years instead of the current 15 years. Dave to liaise with Donna to progress this with the company that produced our current plan.

Neil Properties Carpark Transfers of Ownership

Dave consulted a lawyer about the document presented to the committee for signing. As it turns out the document as it related to Building D was incorrectly worded and is to be redrafted and represented at the next AGM.

Carpark Security

There have been several instances of cars parked in the carpark being broken into and possessions stolen. It is hoped that this is just the work of an individual which is short lived, but we will watch what happens over the next month or two to decide if positive action is required. There was a discussion on reducing the hours that access to the carpark without an access swipe card is available – pending.

Convex Mirror Installation

A Building D carpark user has requested the installation of a convex mirror (to match other convex mirrors in the building) on a blind corner. There have been no accidents reported in this location and the decision of the committee was to decline this request.

Vehicle Charging Stations

There have been enquiries about the potential for charging stations to be installed in Building D. Richard outlined the history of charging station installation in Building A. The committee's decision was that no action would be taken at this time but as this will obviously be an ongoing issue it will be reviewed as and when necessary.

Slab Cracks

Dave Weir gave the committee an update on his view of the slab crack issue. The background is that Neil Properties removed the trafficable waterproof membrane some time ago knowing that they would have to install an alternative protection to the slab. Neil's called for quotes for both a concrete surface sealer / penetrator (Aquron 2000) and sealant to the slab cracks exposed by the removal of the waterproof membranes. They chose to apply only the Aquron and left the cracks open to the elements. A contractor specialising in concrete sealing and repairs has told Dave that this could result in issues over time. Dave's feeling is that had Neil's sealed the cracks instead of putting all their faith in the sealer protecting the reinforcing steelwork we would not have this issue now and they may have some liability to help with the cost of sealing the cracks if this is considered necessary. Dave to consult structural engineers on this issue.

Level 7 Water Build-up

Dave reminded the committee of the problem of water ponding on the northern side of the Level 7 carpark due to the falls in the slab and the edge angle that holds the water. This ponding creates a silty slime on the concrete which is slippery and at least one fall has been reported as a result. We have dealt with this slime by water-blasting to date, but a more permanent solution is sought. Anne mentioned that she would get a subcontractor plumber that Argosy use to price a gutter and downpipes to resolve this — pending.

Apartment Guest Carparks

It has been noted that these carparks, for apartment guests / visitors only, are being used by others on a more long-term basis. This includes office workers in the building Neil's occupy and even people parking there and walking offsite. The committee's decision was to monitor this situation, warn offenders when detected and get vehicles towed where a request not to park in the spaces is ignored.

General Business

There was no further business to discuss.

Minutes prepared by Dave Weir and distributed to attendees.

Subject: RE: Building D

Hi Donna.

I'm sure you've got better things to do. I will cc you into the minutes.

A question. My understanding is that recent changes to the "Unit Titles Act?" is that committee members now have a greater exposure to liability if they do something stupid or act outside their authority. Is that right?

I know we have indemnity if we act in good faith. Are you finding that this message is being delivered to committees?

Regards,
